BEFORE YOU OPEN — ASK THE BAKER

1. Does each loaf contain YEAST? Flour + water + salt alone is only true for a naturally-leavened sourdough.
2. The SEED / GRAIN MIX in the 8 Grain and the two Crunch loaves — does it contain SESAME? Rye, barley or oats?
3. Which MILL, and does the flour contain ascorbic acid (E300) or any treatment agent?
4. What else is handled in the bakehouse? Anything with milk, egg, nuts or sesame means a cross-contact note.
